To,  
Prof./Dr.....

Dear Author(s),

Sub.: Submit your Research papers, Review articles and Short communication for January Issue – 2015 (ISSN- 0972-7434).

The Madhya Bharti Research Journal is an official peer – reviewed journal of Dr. Harisingh Gour Central University, formerly known as University of Saugor, SAGAR (MP), INDIA. It is being published biannually since 1952 with an aim to share and disseminate the scientific knowledge. The original research articles, review articles and limited number of short communications dealing in the field of Botany, Zoology, Chemistry, Physics, Pharmacy and other branches of life sciences are published in this journal.

We are delighted to invite you and would feel honoured if you accept the invitation to contribute a research article or review article to our journal on your area of interest. It is mandatory that the authors should prepare their manuscripts according to instructions for author to avoid any delay in publication. Therefore, contributor(s) are requested to read these instructions before preparing a manuscript for submission. The manuscripts should be checked carefully for grammatical errors and plagiarism. All submitted articles are subjected to go through peer review process.

You are requested to submit your manuscripts as email attachment providing that the text, tables, and figures/photographs are included in a single Microsoft word file (Times New Roman, 12 fonts with double space) to the editorial office at [madhyabhartiscience@gmail.com](mailto:madhyabhartiscience@gmail.com).

Find herewith author instructions to prepare manuscript.

Thanking you,

**Yours Sincerely,**

Archana Pandey,  
Editor-in-chief  
Madhya Bharti

## **INSTRUCTIONS TO CONTRIBUTORS**

### ***Madhya Bharti Research Journal*** **(A Journal of Physical and Natural Sciences)**

The bi-annual Journal, started in 1952, bears ISSN number 0972-7434 (National Institute of Science Communication and Information Resources, NISCAIR). It is an official research journal of Dr. Harisingh Gour Vishwavidyalaya, Sagar (MP) (University of Sagar) and aims to serve as a platform for information exchange among scientific fraternity. Original research articles, reviews on frontiers of science and technology, to in science, technology, and industrial applications are invited for publication. As per following details:

Book reviews and announcements, brief reports by authors on inventions and discoveries of scientific, technological and industrial research.

#### **Manuscript Preparation**

Manuscript should be on A4 size with at least 1.5 cm margins on all sides. Manuscript should be in Times New Roman font using a font size of 12. Title shall be centralized in a font size 14, bold face capitals. All section titles in the manuscript shall be in font size 12, bold face capitals. Subtitles in each section shall be in font size 12, bold face lower case. Standard International Units (SI) should be used throughout the text. Manuscript should be numbered starting from the title page. Italic fonts style should not be used in the main text (Except Latin names or wherever applicable). Only recommended SI units should be used. Manuscript should be a single file starting with the title page and the text should be arranged in the following order: Title page, Abstract, Introduction, Materials and Methods, Results, Discussion or Results and Discussion (Figure and Table titles and legends), Acknowledgements and References.

**General:** Use SI units throughout, and where other units are used for some reason, give equivalent SI units in parenthesis.

**Title:** Should be short, sufficiently informative and useful for indexing and retrieval purposes. A short running title may also be provided.

**Keywords:** Maximum six words may be giving that enhance scope of retrieved of the article.

**Author(s) and Affiliation:** Author(s) with affiliation (where work was done) with complete mailing address must be given. Present address of author(s), if different, should also be given. Provide e-mail address of the corresponding author.

**Abstract (200 words):** It should contain scope employed, and key results in a way that is useful for indexing and abstracting service providers and gives a bird's eye view to a reader as well so as to increase his interest in reading the article. A graphical abstract is also printed in contents part of the journal in every issue, so do provide one with **indication** of an illustration/figure/formula, etc., which should go along with it. **Introduction:** A brief and precise literature review with objectives of the research undertaken and essential background should constitute the introduction part.

**Materials and Methods:** only new methods including statistical methods employed should be described in sufficient details, and others can be directed to published sources or may be sought them the corresponding author.

**Results and Discussion:** Results should be coherently presented and appropriately linked to tables, figures and other illustrations, but restricted to bare minimum. The section should also compare findings with those of others, as deemed necessary by the authors, and its relevance be discussed to the problem tackled, in particular, and for the branch of science, in general. Any weakness of the study undertaken, or any other peculiarity must also be pointed out. New findings, new interpretations, etc. should be clearly spelt out, and also confirmation of important concepts, models, theorems, etc should be indicated. Present data according to standard formats as dictated by the experimental design and the data analysis carried out.

The authors should try coining the “key words” that are not a mere repetition of those in the title.

**Conclusions:** Main findings of the investigations reported in the paper.

**Acknowledgements:** It should be brief and meaningful when invoked; trivial formalities should be avoided

### **References**

In the text, references should be cited according to Harvard System as- For one author (Patil, 2001), for two authors as (Patil and Gaikwad, 2011) and for more than two authors as (Patil et al., 2011) respectively. References should be arranged in alphabetic order. Botanical names of the plants should be italicized and Journal names should be abbreviated and italicized. Avoid using abstracts as references and do not cite any reference in conclusion section. The commonly cited types of references are shown here:

#### **Essentials for Manuscript Submission**

The submitted work should have a covering letter on the *official letterhead* under signatures of the corresponding author or any other authorized person. A *declaration* by authors as per certificate given below is mandatory on the part of the corresponding author to furnish the following certificate at the time of submission of the manuscript for publication:

*[This to certify that the reported work in the paper entitled "....." submitted for publication in the journal "....." is an original one and has not been submitted for publication elsewhere. I/we further certify that proper citations to the previously reported work have been given and no data/tables/figures have been quoted verbatim from other publications without giving due acknowledgement and without the permission of the author(s). The consent of all the authors of this paper has been obtained for submitting the paper to the journal ".....".*

*[Signatures and names of all the authors]*
